

northwest of Gorizia, according to an official statement issued at the headquarters of the General Staff. The ground gained was retained, it is claimed, in spite of vigorous Austrian counter-attacks.

The text of the communication follows: "Yesterday was marked by an important success for our arms along the Isonzo front, especially on the heights northwest of Gorizia. We began the action at night by making numerous breaches in very extensive barbed wire entanglements defending remarkably strong enemy trenches. Subsequently, supported by artillery, we advanced with shouts of 'Savoia!' for the purpose of deceiving our troops all were repulsed with irresistible energy.

"On the heights of Podgora and Calvario, south of Oslavia, our troops took by main force two more lines of trenches and occupied almost the entire length of the summit.

"On the Carso Plateau we continued our advance along the northern slopes of Monte San Michele and southwest of San Martino, where we dislodged the enemy from trench after trench, making numerous prisoners.

"Enemy aeroplanes threw bombs yesterday on Schio (fifteen miles southwest of Vicenza), wounding slightly eight soldiers. One of our air squadrons under highly unfavorable atmospheric conditions, caused by high wind, renewed the raid on the enemy aviation camp at Assevia, on which more than 100 hand grenades were dropped. Our aeroplanes returned undamaged."

ADVANCE GUARD OF GERMAN TROOPS IN CONSTANTINOPLE.

GENEVA, Nov. 22.—A telegram from Constantinople, by way of Bucharest, says the first contingent of German troops coming through Serbia and Bulgaria has reached the Turkish capital. The correspondent adds that Field Marshal von Mackensen, commanding the Austro-German troops, is expected there next week. Heavy German artillery for use on the Gallipoli peninsula also has gotten through.

If you need its marvelous healing effects, do not hesitate to use Poslam, for it cannot possibly harm.

For the treatment of Eczema, Acne, Tetter, Psoriasis, Barber's Itch and other skin troubles, Poslam demonstrates its healing powers quickly, improvement being seen daily.

When treating Pimples, Red Noses, Complexion Blemishes, Rashes, Scalp Troubles, etc., beneficial results are often to be noted over night, only a small quantity being required.

A word about soap—Poslam Soap, medicated with Poslam, is the soap of many benefits for tender skin. Try one month for toilet and bath.

For samples, send 4c stamps to Emergency Laboratories, 32 West 25th St., New York City. Sold by all Druggists.

GERMANS TO GARB TROOPS IN WHITE TO HIDE IN SNOW

Expect to Attack Unseen Under New Coverings for Men and Guns in Russia.

CZARTORYSK IS RETAKEN

Czar's Guns Dominate Town on Stry and Austro-Germans Are Driven Out.

LONDON, Nov. 22.—The Morning Post's Petrograd correspondent gives a detailed account of the preparations the Germans are making for the winter campaign in Russia.

Several new ideas have been evolved. Light metal buildings, ready to be put together, are destined to afford temporary warmth even in trenches. Supplies of sleeping sacks are being procured.

Provision is also being made for the delivery of enormous quantities of spirits, and strict orders are being issued that soldiers must rub themselves all over with it daily. Von Hindenburg is said to have issued an order signifying that any Commander who loses a single man from frost deserves to be shot.

Among the most curious preparations is the gathering of gallic, linen and hosiery, indeed any light materials, white in color.

Apart from collections of domestic linens throughout Germany, the whole region held by the Germans in Russia has been systematically pillaged of such material. The object is to cover uniforms, trenches and supply carts to make them invisible amid the snow.

GIRL WANTS \$20,000 FROM EX-GRIDIRON STAR

CHICAGO, Nov. 22.—Miss Helen Van Ness of Waukegan, O., to-day filed the principle of a suit demanding \$20,000 heart balm from Louis A. Merritt, ex-West Point football star, who recently was married. Miss Van Ness alleges breach of promise.

Lawyers for Miss Van Ness said she became engaged to Merritt Aug. 1, 1912, when she attended a social function at the United States Military Academy. They said the girl will charge he broke the alleged engagement June 1, 1915.

2 MORE BRITISH SHIPS SUNK; ANOTHER ASHORE

Crews of Merganser, 1,905 Tons, and Hallamshire, 4,420 Tons, Reported Saved.

LONDON, Nov. 22.—The British steamships Merganser and Hallamshire have been sunk by German submarines. The crews were saved, it was announced to-day.

The British steamship Salsette, from London for Bombay, is ashore south of Ras Abu Porez, in the Gulf of Suez. She has signalled for immediate assistance.

The Merganser, 1,905 tons, was owned by the Cork Steamship Company, and sailed from Cork, Ireland. The Hallamshire was of 4,420 tons. Its home port was Glasgow. She was last reported as having sailed on Oct. 19 from Eastham, England, for Barry, Wales.

The position given was latitude 41.30 north, longitude 41.25 west. The Oakfield is a vessel of 2,290 tons.

The message came from the steamer San Giorgio, bound from New York for Mediterranean ports, which reported that she was standing by the Oakfield, and that the latter steamer had lost all her propeller blades.

The position given was latitude 41.30 north, longitude 41.25 west. The Oakfield is a vessel of 2,290 tons.

ALLIES PLANNING BLOCKADE OF ALL PORTS IN GREECE

Drastic Action to Be Taken Unless the King Changes His Attitude.

SALONICA, Greece (via Paris), Nov. 22.—It is rumored that the Entente Allies have decided to carry the commercial blockade to the extent of establishing a war zone around Greece and cutting off all supplies.

Greece express the hope that no such drastic action will be taken, but it is said the French authorities undoubtedly made the strongest representations to the throne respecting the necessity that Greece give assurances of more active co-operation with the allies.

Domys Cochlin, French Minister without portfolio, who has been conferring with Greek officials, has gone to the front.

PARIS, Nov. 22.—An Athens despatch to the Petit Journal says the newspaper organs of the Greek Government accuse the allies, especially Great Britain, of seeking to drag Greece into the war by harsh measures.

These papers assert Greece has given sufficient proof that she intends to maintain the policy of benevolent neutrality and has had no thought of taking hostile steps. She cannot permit transference of the theatre of war into her own territory. It is suggested that the measures taken by the allies may result in withdrawal of Greek troops from the frontier and even in partial demobilization.

The section of the press which supports former Premier Venizelos accuses the Government of having brought on, by want of foresight, a conflict with the Entente Powers.

BERLIN, Nov. 22 (By Wireless to Sayville).—The Overseas News Agency characterizes the commercial blockade of Greece by the Entente Powers as "an act of violence against a small neutral country which intends to maintain neutrality without engaging in intrigues."

The blockade, it says, "agrees exceedingly well with the practice of the Entente Powers in regard to questions affecting the sovereignty of small nations."

BRITISH LIFT THE BAN ON THE LONDON GLOBE

Paper Which Was Suppressed for Comment on Kitchener Makes an Apology.

LONDON, Nov. 22.—The Globe, which was suppressed by the police on Nov. 6 for insinuating War Secretary Kitchener had resigned notwithstanding the warning of the official Press Bureau, resumed publication to-day.

It contains correspondence between the proprietors of the newspaper and Government authorities concerning the suspension, closing with an apology from the Globe and withdrawal of its "regrettable" misstatement.

Following the example of the Northcliffe publications and several other English papers, the Globe announces that it will refuse Ford automobile advertisements because of Henry Ford's attitude toward the Anglo-French loan in America.

News that the Canadian Ford Company has subscribed \$1,000,000 toward the Canadian domestic loan was ignored.

STEAMER IN DISTRESS 600 MILES FROM PORT

British Craft Oakfield, Which Loses Her Propeller, Is Aided by New York Liner.

HALIFAX, N. S., Nov. 22.—The British steamer Oakfield, bound from West Hartlepool, England, for an American port, is in distress about 600 miles southeast of Cape Race, N. F., according to a wireless message received at the Cape Race Station early to-day.

The message came from the steamer San Giorgio, bound from New York for Mediterranean ports, which reported that she was standing by the Oakfield, and that the latter steamer had lost all her propeller blades.

The position given was latitude 41.30 north, longitude 41.25 west. The Oakfield is a vessel of 2,290 tons.

WILL BRING AUTO WHERE SHE MAY SPEED UNMOLESTED.

Miss KATHERINE DREXEL DAHLGREN

LENEX, Mass., Nov. 22.—Disgusted at the attitude of the Massachusetts Highway Commission in its delay in granting her a hearing on the suspension of her license to operate automobiles in this State, Miss Katherine Dahlgren, daughter of Mrs. Drexel Dahlgren, will leave this week for the Sheephead Bay track, where she declares she will travel just as fast as she pleases. She has been fined several times for speed, and the Highway Commission put its ban on her proposed race against George E. Turner Jr. riding a motorcycle.

The yellow car which Miss Dahlgren drives and which she says is capable of travelling from seventy-five to ninety miles an hour has been prepared for a long run, and Miss Dahlgren will probably make the trip to Sheephead Bay in the machine, sending her baggage by train.

She says that as soon as she reaches the track she will "let the car out just to see what it can do" and that some speed records may go to smash.

DE LACY LEFT \$100,000 TO HIS WOMAN FRIEND

One Daughter Gets Residuary Estate for Life—Bequests to Relatives and Friends.

To his friend, Agnes C. McCormack of No. 210 West Eighty-first Street, Peter De Lacy, foremost among the poolroom gambling fraternity, who died Nov. 14, left \$100,000, according to his will filed to-day for probate in the Surrogate's Court.

Catherine De Lacy, a daughter, living at the Hotel Harrgrave, is left real estate at No. 143 West Forty-second Street, as bequeathed; Alice Egan del Campo, a niece, of North Peterburg, Fla.; John J. Scannell of Freeport, L. I., a friend; Alice De Lacy Fisher and Mary De Lacy Sennett, sisters, both of Albany.

Another daughter, Alice De Lacy Ratcliffe, referred to in the will as Alice De Lacy Madden, is left the residuary estate for life, in trust. She resides at No. 19 West Seventy-first Street. Upon death the principal of the residuary goes to Virginia and Dorothy Ratcliffe referred to in the will as Virginia and Dorothy Madden, No. 19 West Seventy-first Street, grandchildren of De Lacy.

Following the example of the Northcliffe publications and several other English papers, the Globe announces that it will refuse Ford automobile advertisements because of Henry Ford's attitude toward the Anglo-French loan in America.

News that the Canadian Ford Company has subscribed \$1,000,000 toward the Canadian domestic loan was ignored.

BIG E-BOAT FLEET ELUDES GERMANS; GETS INTO BALTIC

Copenhagen Estimates the Flotilla of British Submarines at From 10 to 25.

COPENHAGEN, Nov. 22 (via London).—The passage of a large flotilla of British submarines, variously estimated at from ten to twenty-five, into the Baltic is given here as an explanation of the recent naval activity in the Cattagat, where both German and British destroyer flotillas have been sighted.

According to reports a powerful British squadron conveyed the submarines to the entrance of the Cattagat at the Skaw, the northernmost point of the Jutland coast. The large ships stopped there, while the destroyers conveyed the submarines as far as Elsinore, at the narrowest part of the Sound, whence the submarines alone proceeded into the Baltic.

WALL STREET

Volume of business at opening was only moderate and price changes were not important. Railroad list was somewhat irregular but generally firm. Copper issues were strong. Petroleum stocks were strongest features. Distillers advanced 1 3/4 to 4 1/4. As usual, market reacted a little after opening advance, but stocks became dull on decline, and market showed a tendency to improve with irregular advances in a number of groups.

Prices again eased off around midday and market relapsed into dullness. Market continued dull and prices eased off more from neglect than from pressure. New Haven was weak, selling down to 77, off 4 points. United States Steel closed at 84 1/2. Trading was lightest for a number of months past.

MINISTER IS GUILTY; SENT TO WORKHOUSE

Arrested at Street Meeting, Clergyman Says Jail Sentence Means Death to Him.

Under the name of Ludwig Ueber, the Rev. Ludwig Raabe, pastor of the First German Baptist Church of Passaic, N. J., was arraigned in Centre Street Court this afternoon, charged with disorderly conduct. He was sent to the workhouse for thirty days. Probation Officer McElroy of Police Headquarters reported to the Court after a trip to Passaic, that Ueber and the Rev. Raabe were one and the same.

The police of Passaic have been searching for the minister, who is fifty-eight years old, since last Friday, at the request of his parishioners, who feared he had met with an accident or foul play. He was arrested Friday in Printing House Square, in the crowd which gathered about the statue of Benjamin Franklin to debate over the war bulletin, by Policeman Dalton, who accused him of grossly improper conduct. The minister did not deny the charge.

"You are sending me to my death," he said to the Magistrate, as he was led away. "I am willing to pay any fine, but to be put in jail will kill me."

ATLANTA PRISON TERMS FOR MAIL DEFRAUDERS

Three Men Who Held Down Amount Due Government on Contracts Are Sentenced.

James J. Cassidy, Vice President and general manager of the Postal Transfer Company; Daniel W. Harrigan, his secretary, and William H. Cadigan, a former postal clerk, were to-day sentenced by Judge Rufus E. Foster to one year and a day in the Atlanta prison for conspiracy to defraud the United States.

The Postal Company was awarded the contract for carrying the United States mails south of Forty-second Street and were subject to fines for delays and violations of other specifications of the contract. Cadigan was the clerk in the office of the Superintendent of Mails who kept tab on the company. He was paid by the latter a regular monthly stipend, in return for which he avoided charging fines against the company, which amounted to more than \$20,000. All three men pleaded guilty to the indictment.

ITEMS FOR INVESTORS.

Lehigh Valley Railroad gross earnings for October show an increase of \$21,597. Net, after tax, increased \$21,546.

Zinc Oil advanced \$10 to \$120 a ton. Copper strong at 20 cents per pound. Lead unchanged at 6 1/2 cents; spelter advanced to 18 1/2 cents.

Brooklyn Rapid Transit Company's regular quarterly dividend of 1 1/2 per cent payable Jan. 1, to stock of record Dec. 2.

Baltimore & Ohio gross earnings in October increased \$2,045,737. Net increased \$1,202,512. Four months' gross increased \$4,098,770. Net increased \$3,496,127.

BOWIE WINNERS.

FIRST RACE—Maiden two-year-olds, five and six furlongs—December 11 (Schulmer): straight \$11.40, place \$6, show \$3.50, won 114 (Moccasin) place \$10.10.

SECOND RACE—Two-year-olds, five and six furlongs—December 11 (Schulmer): straight \$20.10, place \$10.10, show \$3.50, won 100 (Schulmer) place \$10.10.

THIRD RACE—Two-year-olds, five and six furlongs—December 11 (Schulmer): straight \$20.10, place \$10.10, show \$3.50, won 100 (Schulmer) place \$10.10.

ALLIES IN AFRICA TAKE TIBATI CITY FROM GERMANS

Surprise Attack Wins an Important Town in the Colony of Kamerun.

PARIS, Nov. 22.—Official announcement was made to-day of the capture by French and British forces of the city of Tibati, in the German colony of Kamerun, Western Africa.

"A French column operating in Kamerun," says the statement, "commanded by Lieut.-Colonel Brisset, surprised the German forces on Nov. 2. The Germans, who were entrenched on the heights in the region of Tibati, were defeated and retreated in great disorder.

"The Germans were expecting an attack from the north, whereas the French by a rapid detour made an attack from the south.

"On the next day a British column, commanded by Col. Webb, joined with the French in the occupation of Tibati, the great native city, whose Sultan and population welcomed the Franco-British force, saving them from oppressive German rule."

POLK DEMANDS HEARING BEFORE COMMITTEE.

Former Corporation Counsel Polk, now Assistant Secretary of State in Washington, sent a telegram to Senator Thompson to-day, demanding that he be given opportunity of appearing before the investigating committee on Wednesday to explain his action in relation to the stock transaction between the Brooklyn Edison Company and the Amsterdam Electric Company, which, former Commissioner Malibie testified, was approved by the Commission because Polk withdrew the city's objections. Mr. Polk wired:

"I request the opportunity of appearing before your committee to make clear my relations to the matter, including in particular my relations to former Assistant Corporation Counsel Burr which you seem to think significant. In order to avoid further false impressions let me assure you that I did not advise Mr. Malibie or any one else to permit the merger nor did I withdraw the formal objections of the city."

The Thompson committee has been trying to find the secretary of the Kings County Lighting Company, the 95 cent gas company of South Brooklyn whose rate case is pending before the commission. When this officer was wanted during the previous hearing to testify regarding an oil contract made at high prices with the Standard Oil Company he was said to be in Japan. He returned, it was reported, after the hearings closed.

A. W. Cole, counsel to the company, told the committee to-day that the secretary, W. M. Flook by name, has again gone to Japan and cannot be reached by subpoena. Mr. Cole promised, however, to produce on Wednesday another official who is now in Indianapolis who knows something about the contract.

CHARGES AGAINST WILLIAMS TO COME NEXT.

George V. S. Williams is the next

20 M'CALL CHARGES SENT TO ALBANY AS REMOVAL GROUNDS

(Continued From First Page.)

cited complaints and rate cases that have been brought out in recent investigation. Next they accuse McCall of impropriety in connection with dual subway contracts and the 15 per cent. contract for third tracking the elevated roads, saying:

"In the approval of the contract for construction of connecting lines by the Interborough Rapid Transit Company he authorized a contract at an extravagant and exorbitant price and without competition.

"In the negotiation and execution of the so called dual contracts he surrendered and failed to exercise his powers and duties as a Public Service Commissioner."

Former Corporation Counsel Polk, now Assistant Secretary of State in Washington, sent a telegram to Senator Thompson to-day, demanding that he be given opportunity of appearing before the investigating committee on Wednesday to explain his action in relation to the stock transaction between the Brooklyn Edison Company and the Amsterdam Electric Company, which, former Commissioner Malibie testified, was approved by the Commission because Polk withdrew the city's objections. CHARGES AGAINST WILLIAMS TO COME NEXT.

George V. S. Williams is the next

official of the Public Service Commission scheduled to be named for removal by the Thompson Legislative Committee.

After one or two more sessions to complete the record in certain details the committee will hold an executive session on the fate of Commissioner Williams and then close its investigations here. The facts already disclosed are regarded by members of the committee as sufficient ground on which to base charges against Commissioner Williams with numerous specifications.

The Williams charges will rest entirely upon his conduct in office, relating principally to his actions and votes on complaints and rate cases. In particular there will be cited his action in the pending 95-cent gas case against the Kings County Lighting Company, wherein Williams had prepared an opinion continuing the high rate, despite the fact that the company once had offered to reduce the price to 80 cents.

Testimony of Williams last week disclosed that the decision had been rendered on scanty knowledge of facts and almost complete ignorance of the tabulations involved.

Williams is not expected to appear before the Governor at the same time with McCall, as he did in his defense of last spring. The McCall case is set down for hearing in the executive chamber in the Capitol at Albany on Nov. 30. A Commissioner has ten days in which to answer after the charges have been served on him, and unless Williams should waive all delays in order to stand alongside his chief, his turn will come later.

The Thompson Committee will pay no further attention to Commissioner Cram, whose term of office expires Feb. 1 next. As for Commissioner Wood, the investigating committee will not investigate him further.

The investigating committee is of the opinion that if McCall and Williams are removed by the Governor and two strong, capable administrators are put on the commission in their places the department can be reorganized by them and made over into an efficient branch of the government.

It is reported that Chairman McCall will be out of office in two weeks. Rumor says he will be succeeded by former Commissioner William R. Wilcox.

A DIFFERENT MILL. (From the Pittsburgh Post.)
